Hi Della-

On Monday I received a summons from Cambridge District Court via the Boston lab for the above listed #'s and you were the 2nd chemist on the case. I'm under the belief that Boston sends discovery packets for every case you get a summons for, whereas we only send them if the ADAs ask for them. What's the scoop with this case? Should I send a copy of my notes to the ADA mentioned, or should I wait to see if he requests them? Thanks.
